

←... Front of ski

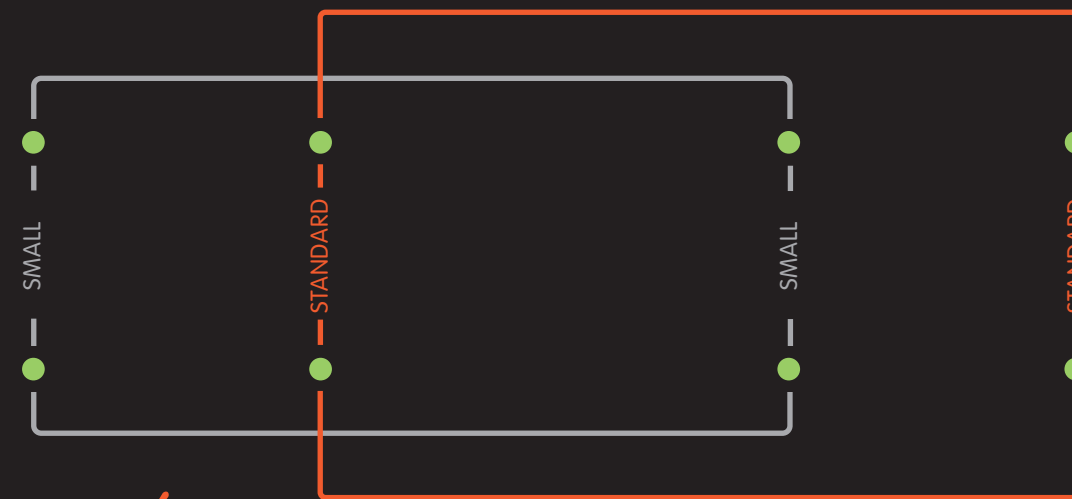

Using the template:

- Carefully read the mounting instructions enclosed with the binding
- Position the template on the ski according to the mounting instructions
- Fasten the template to the ski with tape at the front and rear end
- Mark the holes at front and at rear using a pen, make sure it's corresponding to your binding size, small or standard
- Remove the template from the ski and then drill the holes with a \varnothing 4 mm drill
